RESUMÉ

Experienced in research, dedicated to advancing knowledge in computer vision and applications. Expertise in image processing, analysis, and academic writing. Skilled in climate systems, sustainable development, and weathering. A background in computer programming such as Python, Matlab, and C programming. Committed to continuous improvement and pursuing a PhD, aiming to contribute to the field of computer vision and applications.

WORK EXPERIENCE

From 10/2022 to 02/2023

Internship for Master's degree (5 months)
Institut National des Sciences Appliquées Rennes France

Dissertation: Evaluation of watermarking techniques applied to medical imagery and perspective of new techniques' application.

From 06/2020 to 07/2020

Internship at Centre de maintenance de l'Université Abdou Moumouni (1 Month)

Installation and fixing electrical materials(Ventilator, light, AC, etc)

EDUCATION AND TRAINING

09/2020-12/2023

Master's degree in Electronic Electrotechnique Automatic (grade:13.85/20)
Abdou Moumouni University of Niamey
  With a focus on electronic components, Energy and environment, signal and image processing, automation, and telecommunication systems.

11/2016-11/2019

Bachelor degree in Electronic Electrical engineering Automation(grade13.145/20)
 Abdou Moumouni University of Niamey
 With a focus on: electronic components, electrical machines, applied physics and mathematics, telecommunication and signal processing.

10/2013-07/2016

Baccalaureate (serie D)/ High school diploma
CES Zengou Zinder
▪ Physics and Chemistry, Mathematics and Biology

11/2022-12/2023

Training in Python programming and Arduino
▪ Python for machine learning and data science with machine learnia
▪ Python programming with Udemy and Huawei
▪ Electronic prototype using Arduino   with Yayi Make

01/2024-08/2024

Training in general English (Listening, Reading,Writing and Speaking)

07/2023-10/2023	**Training online on environmental career (78 h)**

With a focus on sustainable , development, water access and treatment, renewable energy.

11/2024-01/2025	**Training online on land development and weathering**

With a focus on geomorphology and energy, and wearthering in lad development.

11/2024-Present	**Training online on Sustainable development**

With a focus on solutions for a sustainable future, protecting the environment, the economy and society, policy and government, environmentally friendly agriculture, health, technology, and novel concepts. Additionally, circular economy, inclusive development, global environmental goals, and clean technologies.

PERSONAL SKILLS

Mother tongue(s) — French/ Hausa

Other language(s)

	UNDERSTANDING		SPEAKING		WRITING
	Listening	Reading	Spoken interaction	Spoken production	
English	B2(CEFR)	B2(CEFR)	C1(CEFR)	C1(CEFR)	B2(CEFR)

Communication skills
- good communication skills gained through my internship's experience and being a member of English as a vice-president.

Organisational / managerial skills
- leadership (I was members of English Club at Hope Life Institute in Ghana from February to August 2024)
- Well organized

PhD-related skills
- autonomous, team's minded , open-minded , self-control and problem solving

Other skills
- good command of office suite (word processor, spread sheet, PowerPoint)
- good command of programming in Python, C, Matlab

ADDITIONAL INFORMATION

Conferences
- Submitted a paper to CORESA conference and it was accepted and presented in November 2024 in Rennes- France.
- Attended and presented work results at 6th edition of West African Physical Society congress in December 2024 in Niamey- Niger

Memberships
- Member of English Club at Hope life institute in Ghana from February to January 2025
